**FOR IMMEDIATE RELEASE**  
February 11, 2015

### Be the Difference as a Community Member

Do you live on a farm? Do you have friends or family who live on a farm? Farm injuries are all too common in Canada. But you can make a difference and help keep farmers and their families safe.

You can start by making farm safety an important part of the conversation. Encourage farm safety projects in your community. Participate in farm safety training. Ask your local politicians what they are doing to help farmers in your community stay safe.

So this Ag Safety Week, Be the Difference! For more information on how you can help all of Canada's farmers and their families stay safe, visit [agsafetyweek.ca](http://agsafetyweek.ca)
