FOR IMMEDIATE RELEASE

February 9, 2017

Did you know?

Agriculture is a big deal. Canada is the fifth largest agricultural exporter in the world and Canadian farmers are world leaders in quality food production.

But did you know that an average of 84 Canadians are killed each year in agriculture related incidents?

We need this to stop. Canada needs farmers to be safe and secure so they can continue to grow quality food for a growing world.

Did you know you can make a difference on your farm? Create a plan, one that makes safety the top priority on your farming operation. After all, world leaders deserve to have the safest and most productive farms possible.

This Canadian Ag Safety Week, take the time to make a commitment to your farm, your family and yourself. For more information on building a farm safety plan, visit agsafetyweek.ca.
